"Going forward, we plan to devote more resources to innovation and outbound travel to build a solid foundation for our sustainable long-term growth."

First Quarter of 2016 Financial Results and Business Updates

For the first quarter of 2016, Ctrip reported total revenues of RMB4.4 billion (US\$682 million), representing an 80% increase from the same period in 2015 and a 45% increase from the previous quarter, primarily due to the consolidation of the financial results of Qunar Cayman Islands Limited ("Qunar") starting from December 31, 2015.

Accommodation reservation revenues for the first quarter of 2016 were RMB1.6 billion (US\$250 million), representing a 70% increase from the same period in 2015 and a 36% increase from the previous quarter, primarily driven by an increase in accommodation reservation volume and the consolidation of Qunar's financial results since December 31, 2015.

Transportation ticketing revenues for the first quarter of 2016 were RMB1.9 billion (US\$302 million), representing a 106% increase from the same period in 2015 and a 57% increase from the previous quarter, primarily driven by an increase in ticketing volume and the consolidation of Qunar's financial results since December 31, 2015.

Packaged-tour revenues for the first quarter of 2016 were RMB556 million (US\$86 million), representing a 41% increase from the same period in 2015 and a 59% increase from the previous quarter, primarily driven by an increase in volume growth of organized tours and self-guided tours.

Corporate travel revenues for the first quarter of 2016 were RMB116 million (US\$18 million), representing a 25% increase from the same period in 2015, primarily driven by increased corporate travel demand from business activities. Corporate travel revenues decreased by 15% from the previous quarter, primarily due to seasonality.

For the first quarter of 2016, net revenues were RMB4.2 billion (US\$648 million), representing an 80% increase from the same period in 2015. Net revenues for the first quarter of 2016 increased by 45% from the previous quarter.

Gross margin was 73% for the first quarter of 2016, compared to 70% in the same period in 2015 and remained consistent with the previous quarter.

Product development expenses for the first quarter of 2016 increased by 196% to RMB2.4 billion (US\$372 million) from the same period in 2015 and increased by 179% from the previous quarter, primarily due to the one time transaction related share-based compensation charges as well as the consolidation of Qunar's financial results since December 31, 2015. Excluding share-based compensation charges (non-GAAP), product development expenses accounted for 32% of the net revenues, which remained consistent with the same period in 2015 and increased from 27% in the previous quarter, primarily due to an increase in expenses relating to product development personnel and the consolidation of Qunar's financial results since December 31, 2015.

Sales and marketing expenses for the first quarter of 2016 increased by 114% to RMB1.5 billion (US\$239 million) from the same period in 2015 and increased by 82% from the previous quarter, primarily due to the one time transaction related share-based compensation charges as well as the consolidation of Qunar's financial results since December 31, 2015. Excluding share-based compensation charges (non-GAAP), sales and marketing expenses accounted for 33% of the net revenues, which increased from 30% in the same period in 2015 and 29% in the previous quarter, primarily due to the consolidation of Qunar's financial results since December 31, 2015.

General and administrative expenses for the first quarter of 2016 increased by 258% to RMB929 million (US\$144 million) from the same period in 2015 and 203% from the previous quarter, primarily due to the one time transaction related share-based compensation charges as well as the consolidation of Qunar's financial results since December 31, 2015. Excluding share-based compensation charges (non-GAAP), general and administrative expenses accounted for 8% of the net revenues, which remained consistent with the same period in 2015 and increased from 7% in the previous quarter.

Loss from operations for the first quarter of 2016 was RMB1.8 billion (US\$283million), compared to loss of RMB180 million (US\$29 million) in the same period in 2015 and income from operations of RMB95 million (US\$15 million) in the previous quarter. Excluding share-based compensation charges (non-GAAP), net income attributable to Ctrip's shareholders was RMB257 million (US\$40 million), compared to RMB33 million (US\$5 million) in the same period in 2015 and RMB272 million (US\$42 million) in the previous quarter.

Diluted earnings per ADS were RMB-3.49 (US\$-0.54) for the first quarter of 2016. Excluding share-based compensation charges (non-GAAP), diluted earnings per ADS were RMB0.57 (US\$0.09) for the first quarter of 2015.

As of March 31, 2016, the balance of cash and cash equivalents, restricted cash and short-term investment was RMB20.9 billion (US\$3.2 billion).

In the first quarter of 2016, Ctrip recognized share-based compensation charges of RMB1.8 billion (US\$285 million). The increase of share-based compensation charges is primarily due to the consolidation of Qunar's share-based compensation charges and the one time transaction related share-based compensation charges.

Safe Harbor Statement

This announcement contains forward-looking statements. These statements are made under the "safe harbor" provisions of the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as "may," "will," "expect," "anticipate," "future," "intend," "plan," "believe," "estimate," "is/are likely to," "confident" or other similar statements. Among other things, quotations from management and the Business Outlook section in this press release, as well as Ctrip's strategic and operational plans, contain forward-looking statements. Ctrip may also make written or oral forward-looking statements in its periodic reports to the U.S. Securities and Exchange Commission, in its annual report to shareholders, in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Forward-looking statements involve inherent risks and uncertainties. A number of important factors could cause actual results to differ materially from those contained in any forwardlooking statement. Potential risks and uncertainties include, but are not limited to, severe or prolonged downturn in the global or Chinese economy, general declines or disruptions in the travel industry, volatility in the trading price of Ctrip's ADSs, Ctrip's reliance on its relationships and contractual arrangements with travel suppliers and strategic alliances, failure to further increase Ctrip's brand recognition to obtain new business partners and consumers, failure to compete against new and existing competitors, failure to successfully manage current growth and potential future growth, risks associated with any strategic investments or acquisitions, seasonality in the travel industry in mainland China, Hong Kong, Macau or Taiwan, failure to successfully develop Ctrip's corporate travel business, damage to or failure of Ctrip's infrastructure and technology, loss of services of Ctrip's key executives, adverse changes in economic and political policies of the PRC government, inflation in China, risks and uncertainties associated with PRC laws and regulations with respect to the ownership structure of Ctrip's affiliated Chinese entities and the contractual arrangements among Ctrip, its affiliated Chinese entities and their shareholders, and other risks outlined in Ctrip's filings with the U.S. Securities and Exchange Commission, including its annual report on Form 20-F and other filings. All information provided in this press release and in the attachments is as of the date of the issuance, and Ctrip does not undertake any obligation to update any forward-looking statement, except as required under applicable law.

About Non-GAAP Financial Measures

To supplement Ctrip's unaudited condensed consolidated financial statements presented in accordance with United States Generally Accepted Accounting Principles ("GAAP"), Ctrip uses non-GAAP financial information related to product development expenses, sales and marketing expenses, general and administrative expenses, income from operations, operating margin, net income, and diluted earnings per ordinary share and per ADS, each of which (except for net commission earned) is adjusted from the most comparable GAAP result to exclude the share-based compensation charges recorded under ASC 718, "Compensation-Stock Compensation" for 2016 and 2015. Net commission earned is calculated by deducting from the revenues the cost of transactions in which the Company undertakes majority of the business risks. Ctrip's management believes the non-GAAP financial measures facilitate better understanding of operating results from quarter to quarter and provide management with a better capability to plan and forecast future periods.

Non-GAAP information is not prepared in accordance with GAAP and may be different from non-GAAP methods of accounting and reporting used by other companies. The presentation of this additional information should not be considered a substitute for GAAP results. A limitation of using non-GAAP financial measures is that non-GAAP measures exclude share-based compensation charges that have been and will continue to be significant recurring expenses in Ctrip's business for the foreseeable future.

Reconciliations of Ctrip's non-GAAP financial data to the most comparable GAAP data included in the consolidated statement of operations are included at the end of this press release.
